I have finished my course, what can I do now?

Some careers have clear progression routes which outline what you need to do to gain employment in these sectors. In others, the push might be up to you.

Some of you might have a career in mind and that is why you have chosen to take a course with Eagles Consultancy. Perhaps you have interests you want to develop so you can enter a possible career or progression route?

Now that you have completed the Employability Entry Level 3 Certificate, you have several options of what you can do next with Eagles Consultancy, or if you chose, with other educational settings.

Progression to EMPLOYMENT

The Employability Certificate can be used to support you in enhancing knowledge and skills and can help prepare you for your next steps either in training or moving towards work.

NCFE has a partnership with REED, so that the course supports learners in developing real skills for the job market.

The skills developed can also be used as a stepping-stone towards careers such as;

- Office work
- Retail
- Vocational Sectors
