Some careers have clear progression routes which outline what you need to do to gain employment in these sectors

Some of you might have a career in mind and that is why you have chosen to take a course with Eagles Consultancy. Perhaps you have interests you want to develop so you can enter a possible career or progression route?

Now that you have completed the Level 2 Certificate in Understanding Safeguarding and Prevent, you have several options of what you can do next with Eagles Consultancy, or if you choose, with other educational settings.

Progression to EMPLOYMENT

Your Level 2 certificate can support you in preparing for your next steps either in training or moving into employment, it can also be used as a stepping-stone towards careers such as:

- Early Years Education: either as a Teaching Assistance or Pastoral Support Worker.
- Vocational Sectors
- Youth Worker

If you do not already have them, you will need further qualifications in the above careers but gaining your Level 2 qualification is a good start.
