

## **Coronavirus Student Policy Statement**

### **Classroom policy**

Covid restrictions were lifted in March 22 across the UK, currently there are no rules specifically relating to Covid-19 in education settings.

As an organisation Eagles Consultancy Ltd, will continue to follow and review policies and practices, in line with government guidelines and requirements relating to covid-19. We will continue to support and maintain a safe learning environment for all individuals.

### **Our responsibility**

- Any changes to government guidelines relating to Covid-19, we will review our approach accordingly.
- Complete a risk assessment of the learning venue prior to delivery of the course.
- Assess the safe number of students that the space can accommodate.
- Support any changes to social distancing guidelines and take account of vulnerable students.
- Use PPE where required and in line with changing government guidance.
- Following and reinforce good hygiene practices including regular handwashing and cleaning.
- Providing well ventilated learning spaces.

### **Your responsibility**

- Follow changes to government guidelines and our policies relating to covid-19.
- Continue to follow good hygiene practices to protect yourself and others including handwashing and antibacterial gel.
- You may choose to bring your own, paper, pens, cups, drinks to the learning environment.
- Use PPE if government guidance requires this.
- Inform your course tutor if you are classed as clinically vulnerable.
- Follow guidance from your course tutor to help maintain a safer environment.
- If you test positive for Covid-19 we advise you to stay at home for 5 days as this is when people are most infectious. In these circumstances remote learning will be encouraged.
